

GUI Authorizations

In the midPoint, we now support these GUI actions:

Overall Administration Actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#all	All GUI pages	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#home	Administration dashboard (including actions)	covers also #dashboard and #myPasswords
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#usersAll	All administration pages for users (including actions)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourcesAll	All administration pages for resources (including actions)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#rolesAll	All administration pages for roles (including actions)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configurationAll	All administration configuration pages (including actions)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsAll	All administration pages for work items (including actions)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#reportsAll	All administration pages for reports (including actions)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#tasksAll	All administration pages for tasks (including actions)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgAll	All administration pages for org. structure (including actions)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#certificationAll	All pages for access certification (including actions)	Since 3.4
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssign	Assign menu item authorization on the Assignment tab	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassign	Unassign menu item authorization on the Assignment tab	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignAllMembers	Unassign all members menu item authorization on the Assignment tab	

Self-service Actions

Action	Allowed access to page	Note
--------	------------------------	------

http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfAll	All self-service pages	Since 3.3
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfDashboard	Self-service Home	Since 3.3
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfProfile	Self-service profile	Since 3.3
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfCredentials	Self-service credentials	Since 3.3
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestRole	Self-service request a role	3.4-3.5.x, not supported in 3.6+
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestAssignment http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestAssignments	Self-service request a role	Since 3.6
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#postAuthentication	Post-authentication	Since 3.8.1

Administration Dashboard Actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#dashboard	Administration dashboard	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#myPasswords	My passwords	Page removed in 3.3, see self-service credentials page instead

User actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#users	List users	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#user	Create user	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#userDetails	Edit user	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#findUsers	Find users	
http://midpoint.evolveum.com/xml/ns/public/gui/component-3#focusTabObjectHistory	View History tab on User's page	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#usersView	Viewing customized users list	

Resource actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resources	List resources	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resource	Create resource (xml editor)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceDetails	Details of resource	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceEdit	Edit resource	Resource Wizard
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourcesAccount	Listing accounts on resource	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceWizard	Resource wizard	

Role actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#roles	List roles	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#role	Create role	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#roleDetails	Details of role (including editing)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignMember	Assign/manage role members (role/service details, "Members" tab)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddMember	Create new member (role/service details, "Members" tab)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignMember	Unassign member (role/service details, "Members" tab)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminRecomputeMember	Recompute member (role/service details, "Members" tab)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignGovernance	Assign member (role details, "Governance" tab)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignGovernance	Unassign member (role details, "Governance" tab)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddGovernance	Create new member (role details, "Governance" tab)	

Org. structure actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgStruct	Org. tree main menu	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree	Org. tree hierarchy	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit	Org. unit details (including editing) and New org. link (based on #read, #modify, #add and #delete model authorizations)	

Organization actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgAll	TODO: #orgTree + #orgStruct?	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree	Org tree hierarchy	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit	Org. unit details (including editing) and New org. link (based on #read, #modify, #add and #delete model authorizations)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignOrgMember	Authorization for Assign menu item on the org Managers and Members panels (e.g. Assign Managers, Assign Members)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignOrgMember	Authorization for Unassign menu item on the org Managers and Members panels (e.g. Unassign selected members)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddOrgMember	Authorization for Create menu item on the org Managers and Members panels (e.g. Create manager, Create member)	

http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminDeleteOrgMember	Authorization for Delete menu item on the org Managers and Members panels (e.g. Delete all managers, Delete member, Delete all (focus) members)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminRecomputeOrgMember	Authorization for Recompute menu item on the org Managers and Members panels (e.g. Recompute all managers, Recompute selected members, Recompute direct members, Recompute all members)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminOrgMove	Authorization for Move organization menu item	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminOrgMakeRoot	Authorization for Make root organization menu item	

Configuration actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#debugs	Repository objects	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#debug	Edit repository object	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configImport	Import object	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configLogging	Logging settings	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configSystemConfiguration	System configuration	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configAbout	About system, self tests for repository and provisioning	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configSyncAccounts	Accounts synchronization information	

Work items actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItems	List work items	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItem	Edit work item	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsAllRequests	All requests (Work items)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsMyRequests	My requests (Work items)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsAboutMeRequests	About me requests (Work items)	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsProcessInstance	Process instance (Work items)	

Report actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#reports	List reports	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#createdReports	Created reports	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-model-3#auditRead	Reading audit log data	since 3.5
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#auditLogViewer	Audit log viewer page	

Task actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#tasks	List tasks	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#taskAdd	Create task	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#taskDetails	Task details	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#task	Edit task	

Org. structure actions

Action	Allowed access to page	Note
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgStruct	Org. tree menu	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree	Org. tree hierarchy	
http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit	Org. unit details (including editing) and New org. link	

Focal object tabs authorizations

Display of object detail tabs is **not** controlled by authorizations. [Admin GUI Configuration](#) is used to control this behavior.

Access certification actions

Please see [Access Certification Security](#) for detailed list.
