

# GUI Authorizations

- Overall Administration Actions
- Self-service Actions
- Administration Dashboard Actions
- User actions
- Resource actions
- Role actions
- Org. structure actions
- Organization actions
- Configuration actions
- Work items actions
- Report actions
- Task actions
- Org. structure actions
- Archetype actions
- Access certification actions
- Focal object tabs authorizations
- See also:

In the midPoint, we now support these GUI actions:

## Overall Administration Actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#all">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#all</a>	All GUI pages	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#home">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#home</a>	Administration dashboard (including <a href="#">actions</a> )	covers also #dashboard and #myPasswords
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#usersAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#usersAll</a>	All administration pages for users (including <a href="#">actions</a> )	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourcesAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourcesAll</a>	All administration pages for resources (including <a href="#">actions</a> )	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#rolesAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#rolesAll</a>	All administration pages for roles (including <a href="#">actions</a> )	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configurationAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configurationAll</a>	All administration configuration pages (including <a href="#">actions</a> )	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsAll</a>	All administration pages for work items (including <a href="#">actions</a> )	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#reportsAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#reportsAll</a>	All administration pages for reports (including <a href="#">actions</a> )	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#tasksAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#tasksAll</a>	All administration pages for tasks (including <a href="#">actions</a> )	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgAll</a>	All administration pages for org. structure (including <a href="#">actions</a> )	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#certificationAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#certificationAll</a>	All pages for access certification (including <a href="#">actions</a> )	Since 3.4
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#archetypesAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#archetypesAll</a>	All pages for archetypes	Since 4.0
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssign">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssign</a>	Assign menu item authorization on the Assignment tab	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassign">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassign</a>	Unassign menu item authorization on the Assignment tab	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignAllMembers">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignAllMembers</a>	Unassign all members menu item authorization on the Assignment tab	

## Self-service Actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfAll</a>	All self-service pages	Since 3.3
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfDashboard">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfDashboard</a>	Self-service Home	Since 3.3
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfProfile">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfProfile</a>	Self-service profile	Since 3.3
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfCredentials">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfCredentials</a>	Self-service credentials	Since 3.3
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestRole">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestRole</a>	Self-service request a role	3.4-3.5.x, not supported in 3.6+
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestAssignment">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestAssignment</a> <a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestAssignments">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#selfRequestAssignments</a>	Self-service request a role	Since 3.6
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#postAuthentication">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#postAuthentication</a>	Post-authentication	Since 3.8.1

## Administration Dashboard Actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#dashboard">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#dashboard</a>	Administration dashboard	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#myPasswords">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#myPasswords</a>	My passwords	Page removed in 3.3, see self-service credentials page instead

## User actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#users">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#users</a>	List users	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#user">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#user</a>	Create user	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#userDetails">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#userDetails</a>	Edit user	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#findUsers">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#findUsers</a>	Find users	
<a href="http://midpoint.evolveum.com/xml/ns/public/gui/component-3#focusTabObjectHistory">http://midpoint.evolveum.com/xml/ns/public/gui/component-3#focusTabObjectHistory</a>	View History tab on User's page	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#usersView">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#usersView</a>	Viewing customized users list	not supported since 4.0

## Resource actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resources">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resources</a>	List resources	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resource">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resource</a>	Create resource (xml editor)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceDetails">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceDetails</a>	Details of resource	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceEdit">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceEdit</a>	Edit resource	Resource Wizard
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourcesAccount">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourcesAccount</a>	Listing accounts on resource	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceWizard">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#resourceWizard</a>	Resource wizard	

## Role actions

Action	Allowed access to page	Note
--------	------------------------	------

<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#roles">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#roles</a>	List roles	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#role">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#role</a>	Create role	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#roleDetails">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#roleDetails</a>	Details of role (including editing)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignMember</a>	Assign/manage role members (role/service details, "Members" tab)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddMember</a>	Create new member (role/service details, "Members" tab)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignMember</a>	Unassign member (role/service details, "Members" tab)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminRecomputeMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminRecomputeMember</a>	Recompute member (role/service details, "Members" tab)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignGovernance">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignGovernance</a>	Assign member (role details, "Governance" tab)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignGovernance">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignGovernance</a>	Unassign member (role details, "Governance" tab)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddGovernance">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddGovernance</a>	Create new member (role details, "Governance" tab)	

## Org. structure actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgStruct">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgStruct</a>	Org. tree main menu	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree</a>	Org. tree hierarchy	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit</a>	Org. unit details (including editing) and New org. link (based on #read, #modify, #add and #delete model authorizations)	

## Organization actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgAll">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgAll</a>	TODO: #orgTree + #orgStruct?	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree</a>	Org tree hierarchy	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit</a>	Org. unit details (including editing) and New org. link (based on #read, #modify, #add and #delete model authorizations)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignOrgMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAssignOrgMember</a>	Authorization for Assign menu item on the org Managers and Members panels (e.g. Assign Managers, Assign Members)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignOrgMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminUnassignOrgMember</a>	Authorization for Unassign menu item on the org Managers and Members panels (e.g. Unassign selected members)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddOrgMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminAddOrgMember</a>	Authorization for Create menu item on the org Managers and Members panels (e.g. Create manager, Create member)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminDeleteOrgMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminDeleteOrgMember</a>	Authorization for Delete menu item on the org Managers and Members panels (e.g. Delete all managers, Delete member, Delete all (focus) members)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminRecomputeOrgMember">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminRecomputeOrgMember</a>	Authorization for Recompute menu item on the org Managers and Members panels (e.g. Recompute all managers, Recompute selected members, Recompute direct members, Recompute all members)	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminOrgMove">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminOrgMove</a>	Authorization for Move organization menu item	

<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminOrgMakeRoot">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#adminOrgMakeRoot</a>	Authorization for Make root organization menu item	
---	--	--

## Configuration actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#debugs">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#debugs</a>	Repository objects	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#debug">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#debug</a>	Edit repository object	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configImport">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configImport</a>	Import object	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configLogging">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configLogging</a>	Logging settings	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configSystemConfiguration">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configSystemConfiguration</a>	System configuration	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configAbout">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configAbout</a>	About system, self tests for repository and provisioning	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configSyncAccounts">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#configSyncAccounts</a>	Accounts synchronization information	

## Work items actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItems">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItems</a>	List work items	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#myWorkItems">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#myWorkItems</a>	My work items	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItem">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItem</a>	Edit work item	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#attorneyWorkItems">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#attorneyWorkItems</a>	Attorney items	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#claimableWorkItems">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#claimableWorkItems</a>	Items claimable by me	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#allRequests">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#allRequests</a>	All requests	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#myRequests">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#myRequests</a>	My requests	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#requestsAboutMe">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#requestsAboutMe</a>	Requests about me	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsProcessInstance">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#workItemsProcessInstance</a>	Process instance (Work items)	

## Report actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#reports">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#reports</a>	List reports	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#createdReports">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#createdReports</a>	Created reports	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-model-3#auditRead">http://midpoint.evolveum.com/xml/ns/public/security/authorization-model-3#auditRead</a>	Reading audit log data	since 3.5
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#auditLogViewer">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#auditLogViewer</a>	Audit log viewer page	

## Task actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#tasks">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#tasks</a>	List tasks	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#taskAdd">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#taskAdd</a>	Create task	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#taskDetails">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#taskDetails</a>	Task details	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#task">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#task</a>	Edit task	

## Org. structure actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgStruct">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgStruct</a>	Org. tree menu	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgTree</a>	Org. tree hierarchy	
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#orgUnit</a>	Org. unit details (including editing) and New org. link	

## Archetype actions

Action	Allowed access to page	Note
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#archetypes">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#archetypes</a>	List archetypes	Since 4.0
<a href="http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#archetype">http://midpoint.evolveum.com/xml/ns/public/security/authorization-ui-3#archetype</a>	Edit archetype	Since 4.0

## Access certification actions

Please see [Access Certification Security](#) for detailed list.

## Focal object tabs authorizations

Display of object detail tabs is **not** controlled by authorizations. [Admin GUI Configuration](#) is used to control this behavior.
